01:43:15 Tiera Coston: Does it work with programs other than Word?

01:43:21 nwohao: So, is Mendeley a plug in to Word?

01:43:37 Elizabeth Manley: I

01:44:18 Elizabeth Manley: Just to add, I'm pretty loyal to Zotero (as a historian). Is there anything that should convince me to convert over to Mendeley? Thanks!

01:45:06 wludwiko: capitalization issues

01:45:13 Tiera Coston: Regarding APA, it seems to be pulling from the way its entered.

01:46:40 Tiera Coston: Participant stated that she had learned something new.

01:46:50 wludwiko: wow, that's cool.
